

Ordering Transfers

All the graphics on this web page can be ordered as iron-on transfers. They come one or two to an 8 x 10 sheet and the graphics are approximately 7 to 8 inches wide for the chest or back area of a tee shirt. Cost \$10.00 including postage & handling. You can also order a set of 4 to 6 on one sheet approximately 3-4 inches wide for the upper quadrant of a shirt. Same price \$10.00 per sheet including postage and handling. Captions can be put above or below the graphic, same price.

I do not sell tee shirts. I include instructions if you want to iron them on yourself or you can go to a Flea Market or shirt place and they will usually put it on their tee shirt for about \$5.00 including the shirt.

Do not wash in hot water. The transfer manufacturer recommends, cold water, mild detergent, no bleach and dry on a warm setting. They also recommend turning the tee shirt inside out when washing.

If you don't see the tug you want I may be able to draw it up with a good profile photograph. To order, contact me, Bob Mattsson at rmattss0@optonline.net

Sample of 7 to 8 inch graphic

Sample of 4 to 5 inch graphic
